PREFACE

We are glad to submit the Annual Quality Assurance Report of the college for the year 2013-14 to NAAC, Bangalore.

During this year the University Academic Audit Committee visited our college under 'The Maharashtra Universities Act 1994', Section 90 (2). It is to be noted that the Academic Audit Committee of the University allotted 90.7% score to this college.

From this year, Online Admission Process was introduced by the college. The Department of Microbiology organized State Level Competitions for the students wherein they could contribute their novel ideas. The Department of Psychology also organized a State Level Workshop on Research Methodology. These activities proved helpful for inculcating scientific temper amongst the students and the teachers.

In this year, two laboratories got recognized by the University for M. Phil. and Ph. D. Research Work. The college has received first prize at the district level and second prize at the University level in 'Jagar Janivancha' programmes under the scheme of Government of Maharashtra.

The college was assigned additional responsibilities of Minority Girls Students Hostel by the Department for Minority Commission, Government of Maharashtra.

We congratulate the students, staff and the members of the faculty on their excellent achievements in this academic year.

ANNEXURE III

7.3 Give two Best Practices of the institution (please see the format in the NAAC Self-study Manuals)

The best practices for this year are:

- A) Empowerment of girl students
- B) Promotion of Research Culture

Best Practice No 1:

1) Title: Empowerment of girl students

2) Goals:.

1. To promote Gender sensitization and awareness of Women Empowerment.
2. To provide counselling and guidance for Competitive examinations and Career advancement
3. To cultivate leadership qualities.
4. To provide training for self defence.
5. To provide practical guidance in the fields of sports, cultural activities and social services.
6. To make efforts for the Personality and Skill development of Girl Students

3) Context:

- Girls who are out to explore the world and enter public life are faced with several challenges due to both external factors in the society, as well as internal factors such as attitudes, beliefs, awareness, and thinking. .
- But due to the deep- rooted patriarchal mentality in the Indian society, women are still victimised, humiliated, tortured and exploited. Even after almost seven decades of Independence, women are still subjected to discrimination in social, economic and educational field
- The risk-taking nature typical of this young phase of development, and the drive for independence and decision making can put girls in risky situations and dilemmas. Mature decision making and appropriate action/ behavior are qualities that need to be developed in order that they take responsibility of their own wellness and safety.
- Wrong concepts of beauty and fitness lead the girls to follow an inappropriate nutritional patterns, adversely affecting their health. These issues too need to be addressed-

- When girls have education, legal protection, health care, and access to training and job skills, they can thrive. And if they thrive, everyone around them thrives, too. Girls are agents of change. They play a crucial role in solving the most persistent development problems facing the world today.
- When a girl gets a chance, gets educated, stays healthy, marries when she chooses, and raises a healthy family, she can raise the standard of living for herself, her family, her community, and her country

4) The Practice

1. Health Check-up Camps were held for the residents of girl hostel regularly
2. The girl students were deputed for various workshops, seminars and conferences organized by different Institutions.
3. The Institution organized lectures, demonstrations, exhibitions and competitions

- In Summer & Winter Holidays, trained Hostel Residents organized Self Defence Programmes at their residence for School going Girls.

Best Practice 2:

1) Title: PROMOTION OF RESEARCH CULTURE

2) Goal : To inculcate a research temper amongst the faculty and students

3) Context:

- Research promotion is essential in the context of knowledge based global society- creation of knowledge and knowledge management strategies.
- The present system of education is examination oriented. The young inquisitive brains have an enormous potential to grasp and explore innovative concepts and ideas.
- The cream of the students is diverted to professional courses and there is a scarcity of students pursuing research in various subjects.
- Students getting admissions in the college have the capacity and potential for innovative thinking. The potentiality needs to be ignited.
- There is no sphere of human endeavor which is untouched by research. ‘Research’ is the key word in today’s globalized world.
- In the modern era of global competition, research is required for the sustainable development of the society and even for the survival in the competition.

In this context, the college decided to inculcate research culture among the faculty and students.

4) Practice:

- To promote the Departments to upgrade their recognized labs for M.Phil and Ph. D. research.
- To Encourage Ph. D. students to apply for JRF awards by CSIR.
- Submission of the proposals to UGC for organizing National level conferences by the Physics and Microbiology Departments
- To encourage research in interdisciplinary subjects for exchange of ideas
- To motivate students by organizing workshops.

- To Create awareness among the faculty about impact factor, h-index, peer reviewed journals and Google scholar.
- To motivate staff to participate in National and International Conferences
